

My custom Marp themes

- `border`
- `gradient1`

The `border` theme

- A *dark-grey* border is added
- The text is mostly black and white
- Based on the `default` theme

```
---  
marp: true  
theme: border  
paginate: true  
---
```

The `gradient1` theme

- The default theme with a different background

```
---  
marp: true  
theme: gradient1  
---
```

Installation

- In VSCode, go to
 - Preferences: Open Settings (UI)
 - Search for "Marp: Themes"
 - Add either a local or a remote path
 - e.g.: <https://raw.githubusercontent.com/rnd195/my-marp-themes/main/border.css>
 - Try restarting VSCode if it doesn't work right away
